A classy new home at Cavendish House

Affinity specialist insurance broker, Chris Knott Insurance, relocated its business to Hastings on 1st March, taking up residence in the newly refurbished Cavendish House.

The company, which has 27 years' experience of looking after the insurance needs of over 200 affinity groups and niche sectors, cites the desire for modern premises that will accommodate future expansion as the reason for the move from Hawkhurst in Kent.

Chris Knott MD, Neil Franklin, said "We needed to move to more suitable premises, were immediately impressed with the work being undertaken at Cavendish House and the rest is history. We were able to design our own layout and specify the detail and quality of finish to produce the vastly improved working environment we all now enjoy".

He added "A number of our staff live in this area, so now it seems an obvious choice from that point of view but we also see the great potential Hastings has for becoming a centre for business."

Jeremy Green of Ten Sixty Six Enterprise, incorporating the Hastings Area Chamber of Commerce, is delighted to see this significant Insurance Broker relocate to Hastings. Mr Green said "At a time when businesses are looking to consolidate their position, it is great to see a company planning to expand its operations. And the exciting plans for the company indicate additional employment opportunities locally. We wish the Directors and Staff a prosperous and happy future in Hastings".

Chris Knott Insurance employs 32 staff and is a modern, proactive firm with a clear vision for its future. The company website says there is a desire to remain focused on offering clients high levels of personal service coupled with sound, impartial insurance advice. Neil adds "We aim to be innovative and ethical in our practices and partnerships as we believe this will aid our growth as respect for the company grows. We are highly successful in our niche markets but you should never sit back and think you've arrived".

Chris Knott has also recently invested heavily in technology that vastly reduces the amount of paper it uses and stores. For more information on the services provided by Chris Knott Insurance go to www.chrisknott.co.uk or call 0800 917 2274.

Thank you for all the welcoming messages we have received.

We look forward to helping the businesses and people of Hastings and its surrounding areas find the best insurance deals around.
